David L. Greenberg School

This school is named after David L. Greenberg, who was a Rabbi at Temple Beth Israel for 40 years, and emeritus for 23 years. Rabbi Greenberg had served over 60 years within the Fresno Community, and he is credited with bringing people together in the most difficult of times.

The school opened in August 2000 as a K-6 elementary, operating on a multi-track year-round schedule. It featured a number of innovative programs like all day kindergarten and staff development learning observation rooms. Teachers conducting class could be observed by other groups of teachers to enrich their learning and to expand the usage of best practices. Greenberg is located at 5081 E. Lane Ave.
