Norseman School

Norseman School is located at 4636 East Weldon and is one of the schools annexed to the Fresno Unified School District when the Scandinavian School District ceased to operate as a separate district.

Like all of the other schools in the original Scandinavian District, this school was named for either places or people of Scandinavian origin by the Scandinavian School Board. The campus was complete at the time of this transfer which took place under the leadership of the then superintendent of the Scandinavian School District, Dr. Paul Nielsen.

The staff of that district, as well as its campuses, became part of the Fresno Unified School District in 1960-61, and it first appears in the Fresno Unified School District school directory of that year. The school serves grades K-6.
