Tenaya Middle School

This school site is named for a Yosemite Indian Chief who lived on the shores of the lake bearing his name. Located in the high country above Yosemite Valley, the lake was named by 1851. There is also a Tenaya Creek, Tenaya Canyon, and Tenaya Peak in the same general area of the Yosemite High Country.

This school site first appeared in the Fresno Unified School District directory in 1962-63. It is located at 1239 West Mesa and serves children of grades 7-8.
